Dear Mr Berriman

**Notice issued under s26 of the *Casino Control Act 1991 (Vic)* ('Act')**

We refer to the notice issued under the Act dated 4 January 2018 (Notice) and Crown's letter enclosing documents in response to the Notice dated 19 January 2018.

That letter noted that Crown was reviewing further email correspondence that it had located in the course of responding to the Notice, to determine whether it included additional email correspondence falling within the scope of category 13 of the Notice.

Crown has now completed that review, and identified further correspondence falling within the scope of the Notice.

Some of this correspondence is subject to legal professional privilege in favour of Crown, which Crown does not waive.

Enclosed in a USB device containing the further correspondence. You will see that some of the correspondence has been redacted. All redactions have been made to avoid waiving privilege.

The USB does not include emails that fall within category 13 that are entirely privileged.

The enclosed documents contain information which is confidential and is provided to the VCGLR pursuant to section 26 of the Act, on the basis that it will be treated as such, and will not be voluntarily disclosed to a third party.

Please do not hesitate to contact me directly if you have any queries or require further information.

Yours sincerely

Joshua Preston
