EXEMPTION

Application No. A269/2002

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by Gordon Institute of Tafe for exemption from Sections 13, 37, 42, 100 and 195 of that Act. The application for exemption is to enable the applicant to advertise for, employ and provide educational services to a Koori trainee or trainees at the Institute.

Upon reading the material submitted in support of the application and upon hearing submissions from John Van Cleef and for the Reasons for Decision given by the Tribunal on 12 September 2002, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 37, 42, 100 and 195 of the Act to advertise for, employ and provide educational services to a Koori trainee or trainees at the Institute.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 37, 42, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to advertise for, employ and provide educational services to a Koori trainee or trainees at the Institute.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 18 September 2005.

for exemption from Sections 13, 100 and 195 of that Act. The application for exemption is to enable the applicant in the process of selecting a person for employment as a liaison and support worker to give preference to applicants who are indigenous people and to state that it will give preference to those applicants in the advertisements for that position.

Upon reading the material submitted in support of the application and upon hearing submissions from Mr B. Durkin and Ms J. Bramwell and for the Reasons for Decision given by the Tribunal on 13 September 2002, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant in the process of selecting a person for employment as a liaison and support worker to give preference to applicants who are indigenous people and to state that it will give preference to those applicants in the advertisements for that position.

EXEMPTION

Application No. A303 of 2002

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act), by Springvale Community Aid & Advice Bureau (the applicant). The application for exemption is to enable the applicant to advertise for and employ a female lead tenant between the age of eighteen and twenty-eight years.

Upon reading the material submitted in support of the application, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ a female lead tenant between the age of eighteen and twenty-eight years.

In granting this exemption the Tribunal noted:

- the applicant manages transitional housing properties one of which only houses female students between the age of 15 and 22 years who are homeless or at risk of becoming homeless, who come from culturally and linguistically diverse backgrounds;
- the lead tenant must be able to be a role model for the tenants and needs to be of a similar age to the tenants so that the tenants can identify with the lead tenant;
- it is inappropriate for cultural and religious reasons for males who are not family members to live in the property and a male cannot provide the same role model support as a female.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ a female lead tenant between the age of eighteen and twenty-eight years.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 12 September 2005.

Pathology Services Accreditation Act 1984INQUIRY INTO APPLICATION FROM
KANINA BANNER PTY LTD FOR
ACCREDITATION OF GENERAL
DIAGNOSTIC LABORATORIES,
BURWOOD (NOW TRADING AS
PATHLAB)

The Pathology Services Accreditation Board, sitting as an Inquiry Panel with the membership of Dr Alan Gregory (Chairman) Ms Geraldine Bollard, Ms Nina Davidson, Dr Nicholas Demediuk and Dr Mary Jo Waters, has decided as follows in relation to the application from Kanina Banner Pty Ltd for accreditation of General Diagnostic Laboratories (now trading as PathLab) at 68 Burwood Highway, Burwood as a Category G accredited pathology service pursuant to section 13(8) of the **Pathology Services Accreditation Act 1984**.

After duly considering all the evidence and material placed before it at the Inquiry, the Board has decided to accept the findings and conclusions of the NATA reports of the assessments held on 10 July 2001 and 19 March 2002 of the gynaecological cytology testing conducted by General Diagnostic Laboratories. As a consequence, the Board finds that the pathology service's testing in the area of gynaecological cytology has failed to meet the standards and requirements prescribed by the Act and the Pathology Services Accreditation (General) Regulations 2001 and the Board has therefore determined that the testing is not of a suitable standard to receive accreditation.

The Board has also considered the NATA report of the assessment held on 19 March 2002 at General Diagnostic Laboratories in relation to the pathology service's testing in areas other than gynaecological cytology. While the NATA report showed the testing to be generally satisfactory, it stipulated a number of requirements regarding remedial action to be taken by the service. After examining the service's written response of 3 June 2002 to the NATA report the Board is satisfied that General Diagnostic Laboratories has taken appropriate action on the requirements listed in the report. Accordingly, the Board finds that the pathology service's testing in areas other than gynaecological cytology is now in conformity with the standards and requirements prescribed by the Act and the Pathology Services Accreditation (General) Regulations 2001 and the Board has therefore determined that this testing is of an appropriate standard to be accredited.

In view of the above adverse determination regarding the gynaecological cytology testing conducted by the pathology service, the Board has decided to impose a limitation on the service's accreditation as set out in the decision that follows:

The Board has decided, pursuant to section 13(8) of the Act, and subject to the limitation specified below, to grant accreditation to General Diagnostic Laboratories (now trading as PathLab) at 68 Burwood Highway, Burwood (Accreditation No 531) under the proprietorship of Kanina Banner Pty Ltd as a Category G accredited pathology service.

In granting accreditation to the pathology service, the Board has decided pursuant to section 17A(1) of the Act to impose a limitation on the accreditation of the service by excluding gynaecological cytology tests from the tests that it can perform as a Category G accredited service.

Subordinate Legislation Act 1994

NOTICE OF PREPARATION OF REGULATORY IMPACT STATEMENT

Forests (You Yangs Regional Park)
Regulations 2002

Notice is given under section 11 of the **Subordinate Legislation Act 1994** that a Regulatory Impact Statement (RIS) has been prepared in relation to the proposed Forests (You Yangs Regional Park) Regulations 2002.

The objective to be achieved by the proposed regulations is to make provision for the management of the You Yangs Regional Park.

The reason for the proposed regulations is to replace the existing Forests (You Yangs Regional Park) Regulations 1992, which 'sunset' or expire on 30 November 2002. The proposed regulations will provide an on-going framework for the management and administration of the You Yangs Regional Park (situated between Geelong and Melbourne).

The RIS examined two alternatives to the proposed Forests (You Yangs Regional Park) Regulations 2002:

- (a) Regional education and information program;
- (b) Voluntary code(s) of practice.

The RIS demonstrates that the proposed regulations are the most effective means of meeting the objectives by establishing an enforceable framework for the management and administration of the park. The proposed

STYLE REQUIREMENTS.

To ensure that material received can be reproduced, and that errors are minimised, the following guidelines are to be observed when submitting material by fax.

Fax resolution:

Material sent by fax should be transmitted using Fine Resolution (200 dots per inch by 200 dpi).

Font size:

Use 12 point (10 pitch) or larger.

Font Style:

Clear plain font styles, such as Helvetica, should be used.

Graphics:

Line drawings should be transmitted as large as possible to ensure clarity. Drawings up to A4 size sent by fax using Fine Resolution provide a good quality for reproduction.

Avoid:

Italics, underlining and full justification.

Ensure document is square when sending as documents that are sent skewed are difficult to read and process.
