Subject: Dacom Approval (Tax Initiative)
Richard/Greg,

Some positive news to start F13, we received the approval for Dacom 5.19 today from the VCGLR, the release has the key enhancement of allowing the current Gaming Dining Rewards to be issued by the approval gaming equipment and classified as a Bonus Jackpot.

We will now schedule the system upgrade for next week and prepare to execute the staged implementation plan as per the Business Plan.

This has been an initiative being developed quietly in the background and is another key piece in Gaming Machines hitting its F13 targets.

Regards

Pete
