Ms Michelle Fielding
Group General Manager - Regulatory and Compliance
Crown Resorts Limited
8 Whiteman Street
SOUTHBANK VIC 3006

Dear Ms Fielding

Technical Requirements Document in relation to approval of Gaming Equipment & Systems under section 62(2) of Casino Control Act 1991

I refer to my letter dated 18 May 2018 in which I advised Crown Casino (Crown) that the Victorian Commission for Gambling and Liquor Regulation (VCGLR), in consultation with BMM Testlabs (BMM), was developing a new Technical Requirements Document (TRD) for use when assessing the suitability of gaming equipment, including systems, at Crown for approval under section 62(2) of the *Casino Control Act 1991* (the Act).

I wish to advise that the draft TRD titled 'Technical Requirements for Gaming Machines and Electronic Monitoring Systems in the Melbourne Casino', has now been completed and the document is ready for consultation with Crown.

Please find attached a copy of the draft TRD for your review.

I note that the requirements specified in the TRD must be read in conjunction with any prevailing legislation, licence & related agreement(s), rules and directions.

After consultation with Crown, Licensing will seek the Commission's approval of the draft TRD, at which time the document will, in addition to legislative requirements and other relevant documents, form the basis of testing and assessment of gaming equipment, including systems, for approval under section 62(2) of the Act.

I look forward to further consultation with Crown in relation to the draft TRD.

Should you require any further information or wish to discuss this matter further, please contact me **Personal**

Yours sincerely
